Augmented Reality Module: Computer Lenses
New Computer Lens designs available in the Video and Office scenes.
Augmented Reality Module: Eyewear scene

New Photochromic tints available in the Eyewear scene. An environment slider changes the scene from Sunny to Dark.

New Photochromic tint colors have been added including Mirror tints.
New In OptikamPad 5.0

Augmented Reality Module: Eyewear scene
New two-finger gestures allow changing the Frame type (Rimless to Metal) and the Frame color. Icons at the bottom-left corner provide instructions on the gestures.
